

Get There by Vanpool

Access Statewide Services & Employee Cost Reduction Subsidy

Bring your workforce a more affordable and sustainable way to commute by vanpooling! **Oregon's new Get There by Vanpool program includes statewide services and a subsidy to reduce employee commute costs.** Vanpools let employees (typically 5-14) who live near each other and have longer commutes (about 20+ miles) share the ride to work and the cost.

Get There by Vanpool is a program of the Oregon Department of Transportation (ODOT). Commute with Enterprise administers the subsidy and provides **at no cost vanpool setup and management services.**

Program Features

- ▶ Consultation & program planning
- ▶ Employee vanpool matching
- ▶ Vehicle rental, maintenance, insurance, & 24/7 roadside assistance
- ▶ Rider billing management
- ▶ Flexible month-to-month participation
- ▶ Guaranteed Ride Home options for emergencies

Employee Vanpool Subsidy

- Get There by Vanpool offers a subsidy that can cover up to 50% of a vanpool's monthly cost.
- ▶ Up to \$550 per month for qualifying vanpools with up to 8 seats
 - ▶ Up to \$750 per month for qualifying vanpools with 9-14 seats

Vanpooling Benefits

- ▶ Improves **employee job satisfaction** by reducing commute costs & stress from long-haul commuting
- ▶ Increases **staff retention**, while serving as a recruiting tool to attract talent from farther away
- ▶ Encourages **employee on-time arrival** that benefits operational efficiency & productivity
- ▶ Decreases **parking demand & costs** by reducing drive-alone commuting
- ▶ Provides **pre-tax savings** for employees & employers
- ▶ Boosts **sustainability** by reducing CO₂ emissions & environmental impacts

Vanpool Setup & Management Services

As part of Get There by Vanpool, Commute with Enterprise works directly with employers to start, operate, and manage vanpools at no cost.

Program Setup

Commute with Enterprise works with employers to understand employee commuting patterns and create a vanpool program that fits their workforce and commute needs.

Rider Matching

Commute with Enterprise helps identify employees with similar commutes and matches them into vanpools. Individual commuters can also use Get There Connect to find vanpool openings.

Vehicle Rental

Newer rental vehicles, including SUVs and vans, are provided by Commute with Enterprise. Vehicle options vary based on the size and needs of each group.

Vanpool Management

Commute with Enterprise handles the day-to-day administration of vanpools, including vehicle delivery, subsidy administration, rider billing, driver onboarding, and route planning.

Maintenance

Regular vehicle maintenance is scheduled and coordinated by Commute with Enterprise. Another vehicle will be provided if extensive service is needed.

Roadside Assistance

Every vanpool includes 24/7 roadside assistance through Commute with Enterprise.

Insurance

Each vanpool is covered by vehicle liability and physical damage protection insurance.

Guaranteed Ride Home

Vanpool riders can access an Emergency Ride Home benefit if they need to leave work unexpectedly due to an emergency.
